[05:16:30]   **Aravindan S.** : Hello! Thank you for contacting our Live Chat Support.

[05:16:50]   **Aravindan S.** : You may purchase an SSL here: https://www.namecheap.com/security/ssl-certificates/

Please click on the name of each certificate to learn about its features.

You may purchase the SSL certificate you prefer for the required quantity and for the required number of years.

[05:17:26]   **Visitor 2916566** : i want for just single website

[05:17:56]   **Aravindan S.** : In this case, you can check our PositiveSSL certificates: https://www.namecheap.com/security/ssl-certificates/comodo/positivessl/

[05:21:45]   **Visitor 2916566** : http://mkaquariumindore.com

[05:21:52]   **Visitor 2916566** : this is my website

[05:24:08]   **Aravindan S.** : Great! It will suit your site. You can purchase it.

Once the SSL is purchased, in order to secure your website, an SSL certificate needs to be activated, validated, issued, and installed on your server.
